

Our Track

- 3/4 mile long
- 6 miles per stage

The instructor will encourage you to conquer rally handling and technique before speed.

You will learn how to drive the car, control it around corners as well as get as much speed as possible in the straight sections.

Our instructors fill in a driver analysis and give you feedback on your driving and you receive a certificate at the end of the debriefing as well.

- 2 Stages around the Superdrive track
- High Speed Demonstration Run with Superdrive Instructor
- Feedback sheet on driving and a certificate of achievement
- **No Driving Experience Necessary!**

Overview

The Superdrive Junior Rally Programme is designed for young people from age 13-17 years.

The minimum height is 5'. No previous experience is necessary to take part in the Junior Driving Programme.

The aim of the programme is to teach driving and basic rally competition skills to young people who are not of road driving age.

The Car

The dedicated Junior Rally car is a rally prepared 1000cc Nissan Micra with FIA approved racing seats and harness, roll cage and fire extinguisher.

The Programme

Every session includes a classroom based safety and instructional briefing.

All drivers will be provided with a rally suit and helmet including helmet-to-helmet intercoms for in car instructions.

All sessions follow the same format. Drivers will complete two separate driving stages with one of our British Association of Rally School registered instructors.

This will be followed by a high speed demonstration run where our experienced instructors who are all current rally competitors will take the course participants as a passenger for a high speed demonstration drive around the Superdrive Rally stage.

Every driver will receive a feedback sheet on their driving and progress and a session completion certificate.

The sessions will take approximately 2-3 hours depending on number of participants in the course.

Cost

£80 per person

You Drive :-
Get behind the wheel and learn how to drive; the rally way!

Two Stages in JR Car :-
Rally Prepared 1200cc Vauxhall Nova
