

## Glamping

Glamping or 'glamorous camping' combines all the fun of camping with some of the amenities of home and has really taken off here. Options include tepees, yurts and camping pods and there's a great choice of locations around Northern Ireland. Please note, Tourism NI does not inspect types of accommodation which fall under the designation of glamping.

What better way to relax and experience all that Northern Ireland has to offer, than by caravanning, camping or motorhoming.

Northern Ireland has camping parks to suit all tastes, with a range of facilities on site. Some are small and peaceful while others are busy and lively; some are remote while others are in tourist resorts.

The locations can be stunning; at the foot of the Mourne Mountains or close to the Sperrins, amidst the Fermanagh Lakelands or along the renowned Causeway Coastal Route. The choice is all yours.

Northern Ireland has Aire de Service points for motorhomes at a number of locations. For more information go to: [www.discovernorthernireland.com/camping](http://www.discovernorthernireland.com/camping)

**Tourism NI has no legislative remit over Caravan and Camping Parks. All licences are issued by the local council.**

The British Graded Holiday Parks Scheme reflects the overall quality of the park and not the range of facilities it provides. Please note the scheme is voluntary. Those caravanning and campsites listed on this map have joined / are participating in the scheme. The highest rating of Five Stars is reserved for those parks of exceptional quality which also provide specific key facilities and services. In Northern Ireland, the scheme is administered jointly by the National Caravan Council and the British Holiday and Homes Parks Association and is supported and endorsed by Tourism NI.

Each park is visited by an independent inspector and assessed on the efficiency of service, general maintenance of the facilities and the layout and landscaping. Particular emphasis is placed on the standard of cleanliness throughout.

Le British Graded Holiday Parks Scheme, programme britannique de notation des sites de vacances, met l'accent sur la qualité générale du site et non sur les installations offertes. des caravanes, et la British Holiday and Homes Parks Association, association britannique représentant les propriétaires ou gérants de terrains de vacances, résidentiels, de campement ou de tourisme. Le programme compte également sur le soutien et l'appui de Tourism NI. Chaque site reçoit la visite d'un inspecteur indépendant qui évalue l'efficacité des services, l'entretien général des installations, ainsi que l'aménagement de l'espace et du paysage. De manière générale, une attention particulière est portée aux standards de propreté.

I campeggi e le aree attrezzate per camper e roulotte non sono sottoposti a verifica da parte del Tourism Northern Ireland, l'Ente per il turismo dell'Irlanda del Nord.

**Il Tourism NI non ha competenze legislative sui campeggi e sulle aree attrezzate per camper e roulotte. Tutte le licenze vengono rilasciate dall'amministrazione locale.**

Il British Graded Holiday Parks Scheme è uno schema che riflette la qualità complessiva delle aree attrezzate e non la gamma delle strutture fornite. Si ricorda che l'adesione allo schema è volontaria. I campeggi e le aree attrezzate per caravan e roulotte elencati sulla mappa hanno aderito o partecipano attualmente allo schema. Il punteggio massimo, Cinque stelle, è riservato alle strutture caratterizzate dalla qualità "eccezionale", che forniscono anche attrezzature e servizi specifici di rilievo. In Irlanda del Nord, lo schema viene amministrato congiuntamente dal National Caravan Council e dalla British Holiday and Homes Parks Association ed è supportato e approvato dal Tourism NI. Ogni area viene esaminata da un ispettore esterno e tra i criteri di valutazione figurano: efficienza del servizio, stato di manutenzione complessivo delle attrezzature e disposizione e progettazione delle strutture. Particolare rilievo è conferito allo standard relativo alla pulizia generale.

The caravan and camping parks listed in this guide have all been visited by an inspector and given a rating under the British Graded Holiday Parks Scheme. All caravan parks have mains water and flush toilets and provide pitches for touring caravans and motorhomes but do not always take tents.

Please contact the sites directly to confirm opening times, prices, facilities, availability and directions. Popular parks tend to fill up in peak periods, so please check availability of pitches and advance booking is recommended.
